

OLAF STEINKAMP

Privatdozent

Physik-Institut ◊ Universität Zürich ◊ Winterthurerstrasse 190 ◊ 8057 Zürich ◊ Switzerland

+41 44 635 57 63 ◊ olafs@physik.uzh.ch

EDUCATION

Promotionsrecht Universität Zürich, Switzerland	<i>2016</i>
Privatdozent Universität Zürich, Switzerland	<i>2015</i>
PhD in physics (Dr. rer. nat.) Universität Bonn, Germany	<i>1993</i>
Master degree in physics (Diplom) Universität Bonn, Germany	<i>1990</i>

EMPLOYMENT HISTORY

Senior scientist: Universität Zürich, Switzerland LHCb experiment at CERN	<i>since 1999</i>
PostDoc: NIKHEF, Amsterdam, The Netherlands HERA-B experiment at DESY, Hamburg, Germany	<i>1996-1999</i>
PostDoc: CEA Saclay, France NA48 experiment at CERN	<i>1994-1996</i>
PhD student: Forschungszentrum Jülich, Germany PS202 experiment at CERN	<i>1990-1993</i>
Diploma student: Forschungszentrum Jülich, Germany R&D on novel tracking detectors	<i>1989-1990</i>

INSTITUTIONAL RESPONSIBILITIES, PANELS, BOARDS

Member of LHCb Collaboration Board	<i>since 2008</i>
Member and chair of LHCb Speakers' Bureau	<i>2011-2013</i>
Project Leadership and member of LHCb Technical Board	
Deputy project leader of Upstream Tracker project	<i>2016-2017</i>
Deputy project leader of Silicon Tracker project	<i>2015-2016</i>
Project leader of Silicon Tracker project	<i>2006-2007</i>
Deputy project leader of Silicon Tracker project	<i>2001-2005</i>
Member of Plenary ECFA	<i>since 2013</i>
Member of PhD Committees	
Universiteit van Amsterdam, Vrije Universiteit Amsterdam, Universiteit Utrecht, Universidade de Santiago de Compostela, EPFL, Universität Zürich	

Member of Promotion Committees at Universität Zürich

Representing Privatdozenten and Titularprofessoren at the Faculty of Science

SUPERVISION OF JUNIOR RESEARCHERS

Supervision of young PostDocs, PhD students and Master students at Universität Zürich

Supervision of PhD students at NIKHEF

TEACHING EXPERIENCE

Courses at graduate level

Experimental astroparticle physics *since 2010*

Experimental methods in particle physics *since 2005*

Experimental aspects of flavour physics *2009–2014*

Courses at undergraduate level

Statistics and data analysis techniques *since 2005*

Physics for medical students *2002–2003*

Nuclear and particle physics *2001–2004*

Lab courses and beam experiments for particle physics students *since 2016*

Organisation of lab courses for physics, biology, chemistry and medical students *2004–2007*

SCIENTIFIC REVIEWING

Peer reviewing for Nucl. Instr. and Methods

Internal peer reviewing of analyses of the LHCb collaboration

ORGANISATION OF CONFERENCES

International Advisory Committee **Kruger Workshops**, South Africa, 2014 and 2016

Organising committee **First SHiP Workshop**, Universität Zürich, 2014

Organising committee **TIME'05 Workshop on Tracking in High-Multiplicity Environments**, Universität Zürich, 2005; co-editor of proceedings, published in Nucl. Instr. and Methods

LANGUAGES

German: native speaker

English, Dutch: fluent

French: with German accent

OTHER INTERESTS

Travelling, photography, classical music, movies
